The Short Game Part 2 of 3

The Half & Three Quarter Wedge Shot

In this aspect of the short game we are focusing primarily on the 30-70 yard shorts. This is an abbreviated swing that is dictated more by feel than technique. When hitting this little finesse shot we want to stay relaxed and soft and try to hit a normal shot with good tempo. I don't like to see any kind of contrived or abnormal technique, just keep it simple and try to find the right tempo for you and the shot at hand. This is definitely a shot that needs practice, but once you develop confidence in your ability to hit it close the game becomes a lot more enjoyable.
